

BioCeed 100 Plasticizer

TECHNICAL DATA SHEET

BioCeed 100 Plasticizer is a naturally-based, non-phthalate plasticizer intended for use in PVC applications. BioCeed 100 Plasticizer's vegetable oil feedstock makes it a more sustainable choice when replacing general purpose plasticizers such as DOP or DINP.

SALES SPECIFICATIONS & PROPERTIES

<u>PROPERTY</u>	<u>LIMITS</u>
Color, Pt-Co	30 Maximum
Density @ 20 °C g/cm ³	0.940-0.970
Acid Value, mg KOH/g	0.5 Maximum
